General Fund Revenues & Expenditures – November 2025

General Fund Revenues

General Fund Expenditures

Summary Highlights – November 2025

General Fund

Revenues

- Year-to-date (YTD) revenues are up 6% from the prior year. Part of this increase is related to the difference in timing of a yearly transfer from the Sewer Fund to the General Fund to pay for administrative services. In the prior year, this transfer was completed in December, while this year, the transfer was completed in January.
- When the impact of this timing issue is removed, YTD revenues are up 4% from the prior year.
- Year-to-date tax revenue (Property, Retail Sales, General Use, Motor Vehicle Sales, Specific Ownership, Cigarette, & Franchise Fees) is up 4% from the prior year.

Expenditures

- Year-to-date expenditures are up 6% from the prior year. This is also a timing issue related to a yearly transfer from the General Fund to the Capital Projects Fund. In the prior year, this transfer was completed in December, while this year, the transfer was completed in January.
- When the impact of this timing issue is removed, YTD expenditures are up 2% from the prior year.

Capital Projects Fund

Revenues

- Year-to-date revenues, excluding the General Fund transfer in, are up \$3.8 million (62%) compared to the prior year. This is primarily related to capital contributions from an intergovernmental agreement with Arapahoe County on the Broadway Fiberoptic project and the RiverPark Subdivision Improvement Agreement for the Santa Fe Drive & Mineral Avenue Operational Improvement Project and collection of a \$239k reimbursement from a contractor for traffic signal work performed by the City.

Expenditures

- Year-to-date expenditures are down \$869k (20%) compared to the same period in the prior year. The timing of spending on capital projects varies by year and is expected to flatten over the next few months as capital project activity picks up.

Sales Tax Capital Improvement Fund

Revenues

- Year-to-date revenues are up \$471k (4%) compared to the prior year. Sales and use tax, as well as investment earnings, are the primary revenue sources for this fund.

Expenditures

- Year-to-date expenditures are down \$276k (4%) compared to the prior year. Spending is expected to decrease during the fall months. Search “Big Things Littleton” on the Littletonco.gov home page to get up to date information on construction, improvements, and investments being made in the City.

Financial Report – November 2025

General Fund Overview & Analysis

The General Fund is the City’s primary operating fund, used to account for all resources except those that require a separate fund for sufficient management. The General Fund accounts for activities related to police, public works, library, and museum operations. General government services accounted for in the General Fund include the city council, city attorney, city manager, communications and marketing, finance, information technology, procurement, court, city clerk, human resources, community development, economic development, building and zoning departments. Additional expenditures of the General Fund include general operations and transfers to other funds.

The graph below depicts a year-to-date trendline of revenues and expenditures for the General Fund over the last five years.

General Fund Revenue Sources (YTD)

Below is a chart depicting the year-to-date revenue sources for the General Fund. Each of these sources are described below.

Taxes – Includes property, retail sales, general use, motor vehicle, specific ownership, and cigarette taxes, plus franchise fees.

- *Property taxes* are collected based on the assessed value and the mill levy of properties in the City. The property taxes collected this year were assessed in the prior year.
- *Retail sales tax* is collected on taxable goods and services sold in the City.
- *General use taxes* are remitted to the City when local businesses purchase taxable goods or services for use in their business and the retail sales tax was not collected by the seller.
- *Motor vehicle taxes* are collected by counties and remitted monthly to the City. The tax is collected at the time a vehicle is registered if retail sales tax was not previously collected by the seller.
- *Specific ownership taxes* are assessed on certain vehicles and mobile equipment. They are collected by counties and remitted to the City.
- *Cigarette tax* is levied on the wholesale distribution of cigarettes to the retailer. They are remitted to the State of Colorado, which then distributes to the City based on the share of total taxable sales made in the City.
- *Franchise fees* are paid by companies selling electric, gas, telephone, and cable services in the City.

Licenses & Permits – Includes various licenses and permits, such as building permits, liquor licenses, and contractor licensing fees that the City collects.

Intergovernmental Revenues – Includes revenue recovery for several services which the City provides to other governments, federal, state, and local shared revenues, as well as grant funding.

Charges for Services – Includes several smaller fees that are charged by the City for various operations, such as those related to the library and museum.

Fines & Forfeitures – Includes court costs, traffic fines, forfeitures, and library fines.

Investment Interest – Includes the amount of interest earned on the City's investments.

Miscellaneous Revenues – Includes all other revenue not categorized elsewhere, such as contributions, donations, rent, reimbursements, and rebates.

General Fund Revenue Sources (YTD) – Continued

Sales and use taxes represent the largest source of revenue for General Fund operations. The chart below depicts total sales and use tax collected by month in the prior and current years, as well as the budgeted forecast amount for each month this year based on prior year data.

Note: These amounts include retail sales tax, general use tax, and motor vehicle tax totals.

General Fund Expenditures (YTD)

The total budget for current year expenditures is \$63,676,449. Of this amount, \$63,084,299 is budgeted for key expenditures (clarified below). The table below presents a two-year comparison of these key year-to-date General Fund expenditures by category.
